

Story 2

The following is the conversation between a manager and a technical lead at a company. Read the conversation and answer the question.

An illustration of a meeting between a man and a woman. The man, Mike, is on the right, wearing a red shirt, blue tie, and red pants, sitting on a blue stool and holding a laptop. The woman, Jenny, is on the left, wearing a purple dress, sitting on a blue stool. They are at a dark blue table. In the background, there is a blue clock on the wall, a blue and yellow donut chart, and two green potted plants on the floor. A speech bubble from Mike is on the left, and a speech bubble from Jenny is on the right.

Hey Mike,
We've done a great job this
half of the year and as a
result, I have decided to
reward your entire team a
hike of 10% barring Amit and
Reena.

Hey Jenny,
That's great to hear! Thanks.
But Amit and Reena have been
the most effective employees
and they deserve a hike too.

The illustration depicts a professional meeting in a modern office setting. A woman with long pink hair, wearing a purple dress, is seated on a blue ergonomic chair, facing a man. The man has a beard and is wearing a red shirt with a pink vest and a blue tie. He is seated on a similar blue chair, holding a purple tablet and gesturing with his right hand. They are seated at a dark blue rectangular table. On the table, there are two green potted plants with large, rounded leaves. In the background, a large blue and orange donut chart is displayed on a light blue wall. A round blue clock with white hands is mounted on the wall above the man. The floor is a solid dark blue.

They are earning enough already.
Enough money spent on foreign nationals. Also, be prepared to fly to London for the next customer delivery

Reena handled that product entirely and I believe it'd be wise to have her company during the delivery. Could you make that happen please?

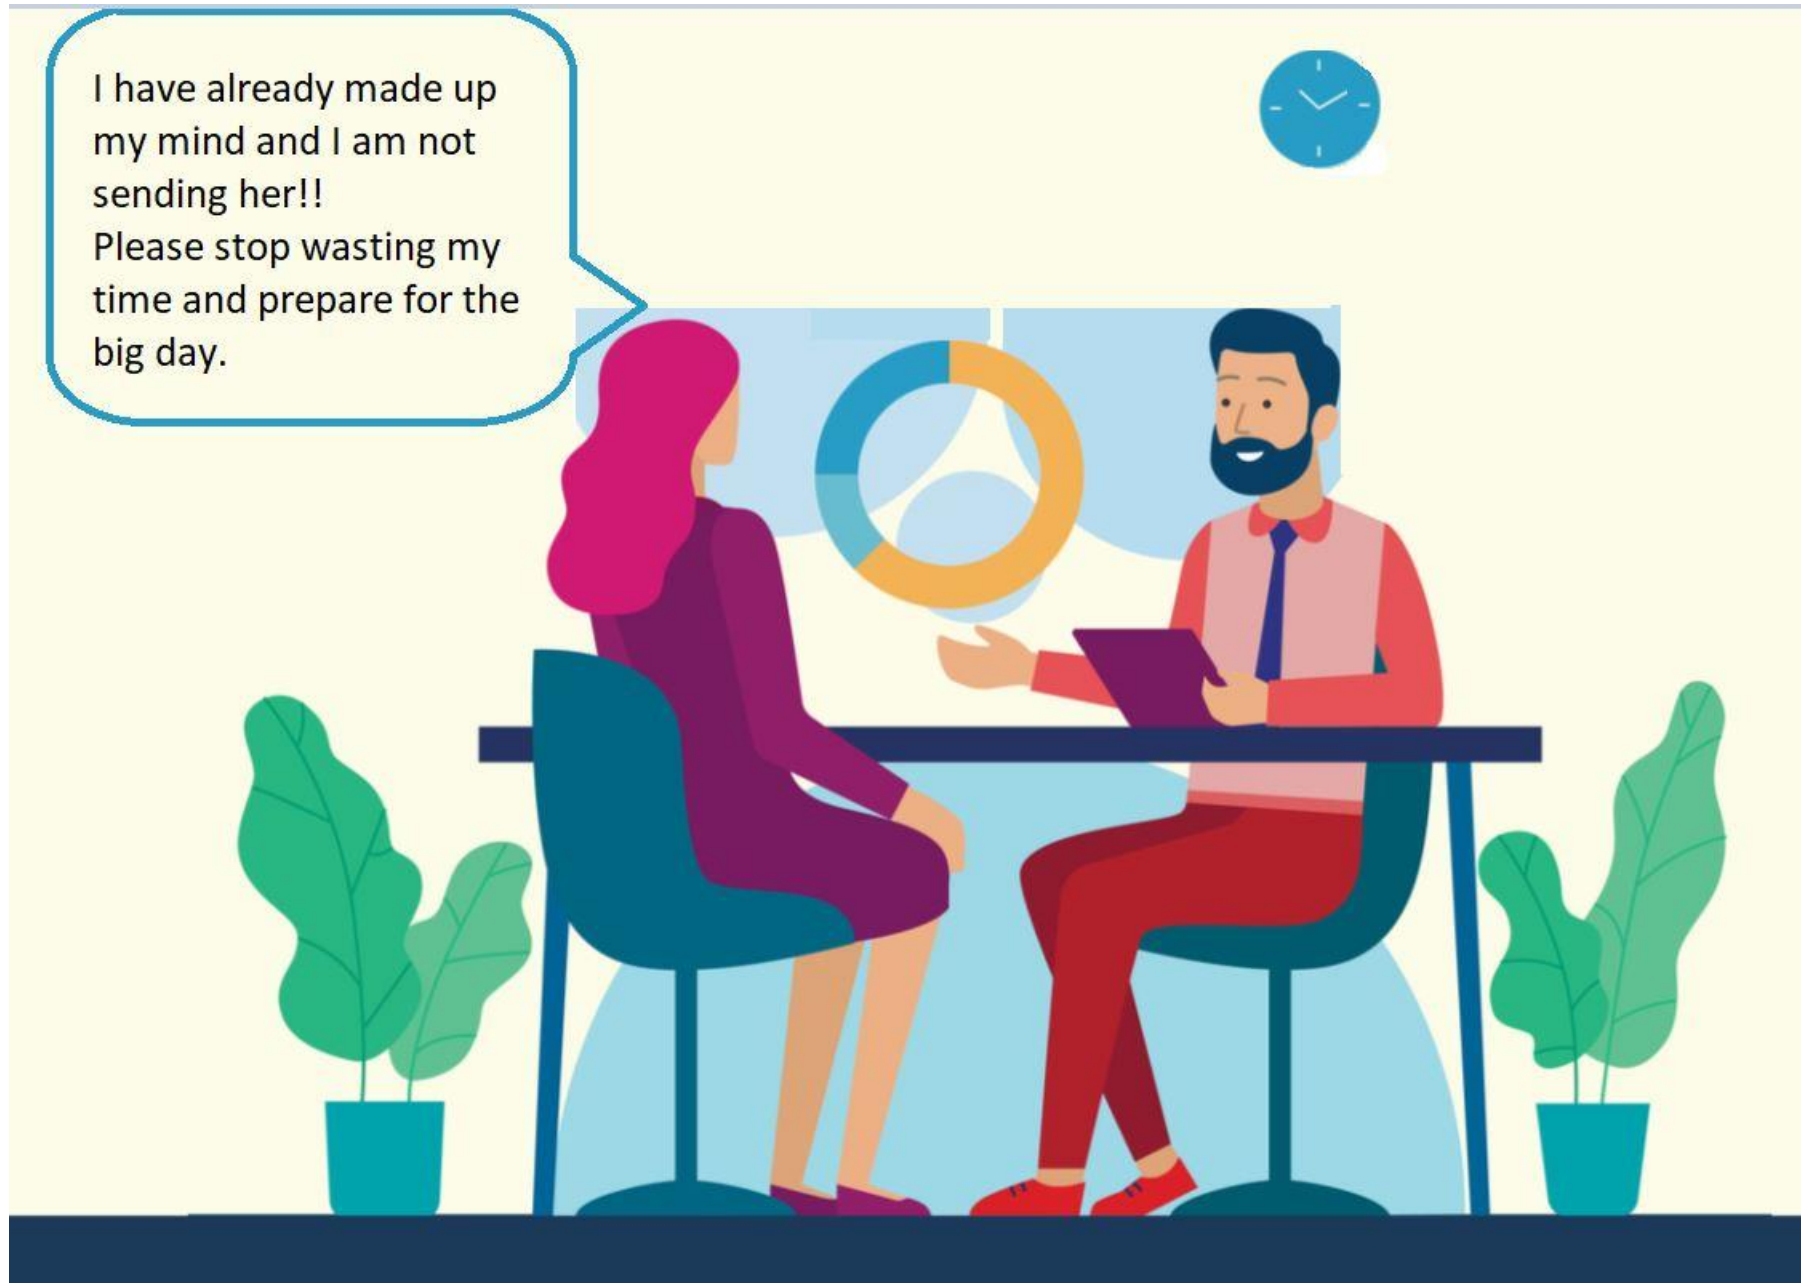

This meeting requires individuals with good English-speaking skills and I doubt an Indian can possess them.

Oh but that will not be a problem. She has extraordinary communication skills along with technical prowess. I think its best to have her as well.

I have already made up
my mind and I am not
sending her!!
Please stop wasting my
time and prepare for the
big day.

The manager feels that foreign nationals do not deserve equal pay hikes and thinks that they maintain proper conversations in English.

Do you agree with the manager?

Is she right in her opinions about foreign nationals?

Yes. She is perfectly right.

No. She is wrong to think like that
